The Great Himalayan Ultra 2022

Leh, Ladakh, India

26 August 2022

Appendix C of The Rules and Regulations

Mandatory Pre-Race Requirements

These are the mandatory pre-race requirements that each racer and relay team must meet in order to receive a clearance to race the Great Himalayan Ultra 2022. Racers or teams failing to meet these requirements in the required timeline may be denied a clearance to race and their registration cancelled without a refund.

A. Mandatory Reporting:

Being a High Altitude Race, all racers, crew members, and officials will be required (mandatory) to report in Leh according to the following schedule. While this is for us to establish that racers get the bare minimum acclimatization, it is highly recommended that racers arrive 14-16 days in advance to ensure that they acclimatize satisfactorily. This is particularly necessary if racers are flying directly into Leh. Racers may choose to reach Srinagar or Manali and drive to Leh in order to have a slower transition to high altitude.

- Friday 12 August (14 days before start) - Mandatory Reporting for 900 KM Racers for Acclimatisation
- Tuesday 16 August (10 days before start) - Mandatory Reporting for 600 and 444 KM Racers for Acclimatisation
- Friday 19 August (1 week before start) - Mandatory Reporting for 900 KM Crew for Acclimatisation
- Sunday 21 August (5 days before start) - Mandatory Reporting for 600 and 444 KM Crew for Acclimatisation
- Wednesday 24 August & Thursday 25 August - All Races Inspection
- Friday 26 August - 900km Race Start (Extreme version)
- Saturday 27 August - 600km Race (Ultra version) and 444km Self Supported Start

B. Bike Inspection:

All bikes that racers and teams intend to use at the race must be inspected by race officials. The bikes must meet the following requirements in order to pass inspection. Racers will need to arrange for the required equipment listed below unless otherwise stated:

1. Front Bike Light - at least 150 lumens or visible from 200m (recommended 700 to 1000 lumens)
2. Rear Red Tail Light - at least 150 lumens or visible from 500m, must have steady mode (recommended 200 to 600 lumens)
